Nomad Camps at the heart of the Moroccan South

© P. SEUX

Our aim is to offer you an alternative experience off the beaten tracks of Southern Morocco by creating accommodation with charm : three Nomad Camps in keeping with the spirit of bivouacs.

Refined decor, hotel-style comfort, high-quality service, Moroccan gastronomy... We have thought of everything so let yourself be swept away by the magic of these magnificent surroundings.

The spots we have chosen to build our Nomad Camps differ from each other in a complementary way; in each, you will discover a new aspect of Southern Morocco.

"An open invitation to the outdoors and to contemplation..."

"The decor also highlights these differences by displaying the richness of traditional Moroccan crafts to the best advantage."
